**Press Release**  
Morgan Hill, CA

**For immediate release**  
January 15, 2010

### **Marki Microwave, Inc. Announces an EZ Package Upgrade**

In our continuing effort to improve ease of handling and ruggedness of construction for our surface mount packages, Marki Microwave has upgraded the design of the EZ package cover: Our new covers will be both epoxy and screw attached to the carrier. Electrical performance is not affected by this change in any way. Standard products will begin shipping with the improved covers around March 1, 2010; some shipments may commence earlier. For questions, please email [info@markimicrowave.com](mailto:info@markimicrowave.com).
