END OF PRODUCT LIFE ANNOUNCEMENT

Marki Microwave is announcing the end of product life for numerous Microlithic Mixer and Doubler products. Despite our multi-year attempts to maintain a viable diode supply, we have recently been informed by our sole supplier that they will no longer support us with these diodes. Secondary sources for these diodes have been pursued but none are suitable for full rate production.

[Please see the affected part numbers and the recommended MMIC replacements on the attached Appendix A.](#)

Effective immediately Marki will no longer accept requests for quotes or purchase orders for Microlithic products beyond current stock availability. We have a limited supply of diodes on hand to fill to fulfill existing/new orders; regretfully we cannot guarantee a last time buy to all customers. Requests will be evaluated on a case by case basis.

For any questions regarding the above information, or how to acquire samples of recommended product replacements please contact Dragana Rajkovic at Dragana@markimicrowave.com.

The following part numbers are NOT affected by the above diode disruption and will continue to be available for purchase.

Active Part Numbers		
ML1-0110HSM-1	ML1-0110HSM-2	EVAL-MM1-0110H
ML1-0110LSM-1	ML1-0110LSM-2	EVAL-MM1-0110L
	MLD-0416LSM	EVAL-MLD-0416L

Please route this announcement to any and all concerned personnel within your organization to assure that requests for quotations and orders are received in a timely fashion.

Best regards,

Tammy Trillo
Director of Inside Sales
Marki Microwave, Inc.
