

October 1, 2015

END OF PRODUCT LIFE / LAST TIME BUY OPTION
Marki "EZ" Package

Marki Microwave announces the end of product life for all catalog and custom products built in our "EZ" surface mount package. Effective immediately, we are opening a window through December 31, 2017 for users of this package to request quotes and place last-time orders. **After December 31, 2017 Marki will no longer accept new orders for products in "EZ" package.**

Special terms will apply to all last time purchases, as follows:

1. Orders will be NON-CANCELLABLE, NON-RETURNABLE.
2. Minimum order quantity of 5 pieces per model number.
3. Orders < 100 pieces will be shipped in one lot and must be shippable within 10 weeks of the purchase order date.
4. Orders of >100 pieces may be shipped in 100 piece lots scheduled no more than 30 days apart and must be shipped complete within 6 months of the purchase order date.
5. Product Warranties:
 - a. Orders received prior to March 1, 2017 will carry the standard 12 month product warranty.
 - b. Orders received March 1, 2017 and after will carry a prorated product warranty that expires February 28, 2018.
 - c. All orders must ship complete prior to December 31, 2017.

Packages Impacted by EZ EOL:

EZ Mixer

<http://www.markimicrowave.com/menu/packages/ez-cs.pdf>

EZ Doubler

<http://www.markimicrowave.com/menu/packages/ezd-cs.pdf>

EZ Amplifier

<http://www.markimicrowave.com/menu/packages/ezam-cs.pdf>

EZ Positive-Bias Amplifier

<http://www.markimicrowave.com/menu/packages/ezap-cs.pdf>

See Page 3 and Page 4 for affected catalog part numbers and replacement recommendations. Impacted custom part numbers are not included in this list. Custom part numbers impacted by this EOL will be addressed in a separate letter.

Customers who use the EZ package should contact Marki Microwave immediately to learn more about the recommended alternative solutions. Demo and sample products can be made available quickly for customers wishing to modify existing designs to remove the EZ package from the BOM. Customers should be aware that two price increases on the EZ products will occur during this EOL phase; first at the end of 2015, and again at the end of 2016.

One final note: the EOL applies only to the EZ package. Products based on the E-carrier package will continue to be manufactured. However, owing to other superior options in these carrier type packages, customers are

strongly discouraged from using E packages for new designs, unless no other suitable alternative can be provided. A significant price increase will occur at the end of 2015 for all E carrier products so customers should plan accordingly.

For any questions regarding the above information, or how to acquire samples of recommended product offerings, please contact Marki Microwave at info@markimicrowave.com. Our staff is eager to help customers transition to the recommended product lines because it is our belief that these superior alternative will enable our customers to achieve better, more consistent performance at a better price and in a smaller form factor.

Please route this announcement to any and all concerned personnel within your organization to assure that requests for quotations and orders are received in a timely fashion.

Best regards,

Tammy Trillo
